## Project

The culture's luxury, the luxury's culture. Villa Marina tells about Capri at the beginning of the last century, a literary Capri, artistic, brave and hedonist, original and unparalleled in its expression.

Twenty one rooms, each is different and individually inspired to the story of the characters who made the history of the Island at the beginning of 1900. Fine tissues, details of atmosphere, fine art painting and original contemporary artistic flair characterize every room. A library is available in each of the rooms. The pool suites host their private swimming pool overlooking the sea; the garden suites have a nice view on a neat garden. Every room has its special bath room with a wide bathtub or a cascade shower.

# ZIQU' "il ristorante"

Seven cups pour me of the sweetest . . .

This is how the local doric poetry Blaesus, in its few verse handed by the alexandrian historian Ateneo, makes to us his convivial invitation.

The Ziqu' restaurant exalts the local flavours and aromas with the innovative and creative touches of our Chef, each dish, combining the Mediterranean gastronomy with emotions, history and experimentation, is an unforgettable experience for both taste and eyes.

The Restaurant can host up to 60 seated guests and has an intimate garden for romantic candlelight dinner. We can also accomodate from 100 to 250 people with a buffet service.

## Stai Spa e Wellness Centre

Stai, our classic Capri spa, opens onto the gardens and overlooks the sea, enticing guests to dedicate time to themselves.

The wellness trail includes sauna, steam bath, pool with hydromassage and aromatherapy and waterfall showers. Light and silence envelop the Spa; skilful hands manage the various types of treatments, all exclusively designed with the unique product of "Officina de' Tornabuoni" by our Spa Manager.

## Meetings and events

Our hotel is provided with a meeting room, equipped with modern audio-video technologies, such as a slide projector, a DVD player, a videocassette recorder, an amplification equipment, free wireless connection allowing congress participants to fast connect their own devices with the Internet.

The gardens and terraces surrounding the villa can be the ideal stage set for special events, private parties and receptions and make it the ultimate place for hanging out, daydreaming, and enjoying the warm Capri sun.
